UNITED STATES DEPARTMENT OF AGRICULTURE  
DIRECTOR OF EXTENSION WORK  
WASHINGTON, D. C.

Circular Letter  
Miscellaneous - No. 81

August 25, 1934

TO ALL EXTENSION WORKERS:

Re: Federal Housing Administration

Enclosed is a copy of "A Financing Plan to Repair and Modernize Your Property", an announcement of the Federal Housing Administration. Financing of rural housing and farm building improvements may be done upon this basis, but the Extension Service has been informed that a subsequent announcement will explain particular methods for financing rural improvements.

While publishing and commercial concerns will give widespread promotion to the housing program, and financing agencies can give information concerning loans, the agents of the Extension Service will doubtless be called upon especially for information, suggestions and recommendations for improvements to farm houses and other farm buildings. The U. S. Department of Agriculture and State Colleges have published numerous bulletins relating to these subjects and many of the State Extension Services conduct building plan services to give specific instructions to prospective builders. More recent material is being made available as a result of the work of the Department of Agriculture and State Colleges upon the Farm Housing Survey among which the following bulletins, published by the U. S. Department of Agriculture, will soon be available: Farm House Plans, Remodelled Farm Houses, Storage Arrangements for the Farm House, and Kitchen Planning.

Yours very truly,

A handwritten signature in cursive script, reading "C. W. Warburton".

C. W. Warburton,  
Director of Extension Work.
